

DRIVING LICENSE

When you move to Sweden from another country, you are required to make sure that you have a valid driving license. The regulations may differ depending on your nationality, how long you are planning to stay, and your type of employment contract. Your Human Entrance Case Manager will provide assistance based on your circumstances and the current regulations.

YOUR DRIVING LICENSE SERVICE INCLUDES

- Needs analysis
- Assistance to compile the correct documents
- Letter to the Swedish Transport Agency
- Submittance of application

KEEP IN MIND

Make sure that you, and other family members (if applicable) have valid driving licenses from your home countries, for the whole assignment period.

In certain cases, there might be a need for a certified translation of your current driving license.

Please be aware that even though your driving license may be valid in Sweden for driving (for a specific period, depending on your nationality), it is not a valid identity document.
